Various : Batman: Bruce Wayne - Fugitive (New Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Batman: Bruce Wayne - Fugitive (New Edition):

14 of 14 people found the following review helpful. Bruce Wayne Fugitive By Just MEI've only glanced over it a few times but I can say that so far, it looks like most of the problems that plagued Murderer in terms of production are not a problem here. However, 's description has a few errors and states that this includes Detective 768-775 when it is actually 771-775. The corrected edition of Murderer (which I don't know if has stocked up on yet) includes some of

those issues. Here is what Fugitive actually contains: Birds of Prey 43 (only a few pages however) Batman 603 Batman 604 Detective 771 Batgirl 29 Gotham Knights 30 Azrael 91 Azrael 92 (only a few pages) Detective 772 Gotham Knights 31 Batman 605 Detective 773 Detective 774 Detective 775 Gotham Knights 32 Batman 606 Batman 607 Batgirl 330 of 0 people found the following review helpful. A phenomenal mystery for all Batman fans, young and old! By Rockin Reading Teacher Batman fans are in for a real treat! The murder mystery continues as Batman (who has now sworn off being Bruce Wayne) continues to fight crime and putting the murder behind him, while Nightwing, Robin, Batgirl and Oracle work to clear Bruce Wayne. While strangely aloof in the first novel (Bruce Wayne; Murderer?) Batman starts to become a little more cooperative in this novel. It's never fully explained why he (Batman) suddenly brushed aside all his allies, which was a big question I had as I read, seems like IF he's innocent, he would welcome their help. However, in this novel the mystery starts to come together as the clues add up to a shocking conclusion. Did Bruce Wayne really commit murder? If not, what does he know or does not know about it? If Bruce Wayne is innocent, then how did the culprit get into Wayne Manor? How did he/she know Bruce Wayne's every move and that he is Batman? Readers will keep turning the pages as the Bat-Family unravels this great mystery which (Spoiler Alert) even has ties to No Man's Land and the mystery is solved with shocking results. You must add this to your Batman library, I read this in a week, it was that good. 0 of 1 people found the following review helpful. The perfect Murder? By Terry L. Favor This picks up some titles that don't seem to fit into the overall story otherwise I would have given 5 stars. It is a well written story and leaves you wanting more.

Indicted for killing his sometime girlfriend Vesper Fairchild, Bruce Wayne is sent to Blackgate Prison...only to escape, launching a citywide manhunt. Now Batman has now gone to ground -- renouncing his true identity and operating deeper in the shadows than ever before. It falls to his extended family -- Nightwing, Robin, Oracle, Batgirl, Spoiler, and Alfred to figure out who really did commit the murder. While the clues point to a possible setup, no one can deny that those same clues might point to Batman's actual guilt. This new, single-volume edition includes never before reprinted stories. Collects BATMAN #603-607, DETECTIVE COMICS #768-775, BATMAN: GOTHAM KNIGHTS #29-32 and BATGIRL #29 and 33.

About the Author A one-time cartoonist, Ed Brubaker has been working as a writer since the early 1990s, and in that time his work has won several awards, including both the Harvey and Eisner Awards for Best Writer in 2007, and has been translated around the world. His comics credits include BATMAN, CATWOMAN, GOTHAM CENTRAL and SLEEPER for DC/WildStorm and Daredevil, Captain America and Criminal for Marvel.
