Scott Snyder : Batman by Scott Snyder Greg Capullo Box Set before purchasing it in order to gage whether or not it would be worth my time, and all praised Batman by Scott Snyder Greg Capullo Box Set:

Some of the best modern Batman arcs were collected together in this fairly-priced box, and I'm very glad to know the second set is on the way. It loses one star however, since I have a big problem with the artistic style of the New 52. Nothing against Greg Capullo or his work on this run, but I feel the stories could have been heightened if the restrictions that DC put on its New 52 were not there. Trying to make Batman look like the other DC titles is a huge misstep, one that they are even still doing with Rebirth. It's a fantastic read, but it really makes me miss the 70s to 90s style Batman. 0 of 0 people found the following review helpful. Great set! Quality of the paper is great By Tristan Great set! "It also distills how the writer Scott Snyder has reinvented Batman in the past two years, deepening and humanizing the Dark Knight's myth -- in the making since 1939 -- like no one since Frank Miller in the 1980s."--The New York Times "Greg Capullo's masterful art continues to bring Snyder's words to life."--Craveonline "One of the best Batman runs in the history of the character."--IGN "With this volume, anticipation for DC's The New 52 reboot of their superhero universe, should be firmly replaced with a deep and abiding appreciation for what Snyder, Capullo, and Glapion have done with Gotham's caped crusader... This is a clever and sophisticated Batman--with a dark, edgy, and thought-provoking narrative ably abetted by Capullo's pulpish, detailed art. Readers will find it hard to put down." -- Publisher's Weekly About the Author Scott Snyder is a #1 New York Times best-selling writer and one of the most critically acclaimed scribes in all of comics.
