Chuck Dixon : Batman: Legacy Vol. 1 before purchasing it in order to gage whether or not it would be worth my time, and all praised Batman: Legacy Vol. 1:

The previous version was better By Esteban Saborio CDC has divided "Legacy" in two volumes by adding to it totally unrelated stories from the Bat-

books that immediately precede it. As a matter of fact, in some titles included you won't even get to the story here. You would have to wait until a as-of-yet-unannounced Volume Two is released for that. 0 of 0 people found the following review helpful. Solid 90's Batman story By Spidey The first 7 issues of this collection don't really have anything to do with the Legacy crossover except for the last page of each of the 3 stories. That being said, they're still solid stories. Chuck Dixon pens most of the issues, who was a capable Batman family writer throughout the 90's. Legacy spins directly out of Batman: Contagion. The Clench has been lying dormant in each of the people previously infected by the virus and it's only a matter of time before they all die. Batman, Nightwing, and Robin must track down an ancient cure before everyone succumbs to the virus, including Robin.

It begins with the return of the Apocalypse Plague a deadly disease that infected Gotham City and almost killed Robin now in an even more virulent form. Batman, Robin, Nightwing and even Catwoman must find out the origin of this ancient virus before it is released worldwide. Their travels take them from the heart of Gotham halfway around the world to Sudan, where two of their greatest enemies are revealed to be the masterminds of this wicked plot. The stakes have never been this high and the question remains: Will Batman and his allies stop a relic of the past from dooming mankind's future? Now, for the first time ever, get the complete BATMAN: LEGACY storyline along with never-before-collected chapters that reveal the architects of the outbreak in BATMAN: LEGACY! Collects BATMAN #533, BATMAN SHADOW OF THE BAT #53, CATWOMAN #33-35, DETECTIVE COMICS #697-700 and ROBIN #31.

About the Author Chuck Dixon's resume includes thousands of scripts for iconic characters like Batman, Superman, Green Lantern, Iron Man, the Punisher, The Simpsons, Spongebob Squarepants, GI Joe and many others. He is (along with artist Graham Nolan) the creator of the Batman villain Bane, the first permanent addition to the Dark Knight's rogues gallery in forty years and for which he won 1993's Wizard Fan Award for best new character. His graphic novel adaptation of J.R.R. Tolkien's The Hobbit is a perennial bestseller worldwide. His unprecedented 100 issue run on DC Comics Robin is considered to be a classic in the comics medium. Chuck's contributions to Marvel Comics' The Punisher are widely acknowledged as integral to that character's development.
