**Paul Dini : Batman: Mad Love and Other Stories** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Batman: Mad Love and Other Stories:

1 of 1 people found the following review helpful. Great Insight into Harley Quinn's Story! By ivette I usually hate buying books or comics new because they're generally high priced for such quick reads. This however was so worth it! I enjoyed every moment of it and will probably read again! I bought this for insight into Harley's back story and it was

phenomenal! Bruce and Paul's commentary was great and insight into some of batmans other villains are great! Good starter comic for those wanting to get into Harley Quinn or introductions to Batman's other rivals!The product itself came very quickly! (One day delivery) and was in pristine condition! It's a good size as there are quite of few comics included and the print and color is fabulous quality!0 of 0 people found the following review helpful. a fun readBy Michael FrickerFound out about this comic through Fatman on Batman. Like the man Kevin Smith I decided to get it for my Girlfriend. Don't know if she ever read it but I did before I gave it to her. It was a fun read!
