Greg Rucka : Batman: No Man's Land, Vol. 3 before purchasing it in order to gage whether or not it would be worth my time, and all praised Batman: No Man's Land, Vol. 3:

1 of 1 people found the following review helpful. Awesome BookBy Nia BwellI don't care if you don't like Batman. Read this book. It's amazing.At first I was a little skeptical. I've read superhero novels before with varying results. I have to say, this one blew me away. I was actually up most of the night reading this book. And the thing is, it fits Batman SO WELL. I mean, it's astounding how everything flows so easily together. I don't even want to read the

comic books that inspired this novel because the book is so amazing. It has action. A little bit of love. Hope. Coming to terms with who someone is and what to do in this type of situation. Batman himself even has doubts in the beginning, and things are explained rather easily. The only thing that bothered me was the ending. It just...after such an amazing book I didn't truly agree with the ending. Other than that, slap this on your summer reading list. Even if you're not a huge fan of Batman the book is well worth its weight in gold. 5 of 5 people found the following review helpful. Less Consistent Than Volume One...By Chadwick M. Whitley...but still one of the best Batman stories around. If Batman: No Man's Land, Vol. 1 built the foundation and established the status quo of NML, volume 2 builds the world on that foundation. The scope of this book is sprawling and epic as it follows each respective member of the Bat-family in his or her mission to help Batman reclaim Gotham from the physical and moral wreckage that has taken over the city. The result is an entertaining reading experience, but one that is also frustratingly scattered and inconsistent at times. In addition, I also get the feeling that this second volume of a four-part trade collection* is missing some important content that might have provided necessary context for a few of the more dramatic scenes (e.g., the confrontation between Batman and Huntress). Still...narrative and artistic inconsistencies aside, Batman: No Man's Land Vol. 2 represents an important piece of one of the most groundbreaking Batman stories I've ever read. It's well worth your time. FYI: This review is based upon the April 2012 repackaging of Batman: No Man's Land, Vol. 2.*Thanks to my fellow customer and commenter below for pointing this out to me! 3 of 3 people found the following review helpful. Continuation of one of the best Batman mega-arcs ever! By Bradford Zimmerman The massive "No Man's Land" story across all the Batman related titles is a dark, gritty, frightening look at a fictitious series of events reminiscent of Escape From New York. The base of this story could easily happen, and it is interesting to see how the heroes, Gotham P.D., and the villains interact jostle for control of a veritable wasteland.

After suffering a cataclysmic earthquake, the U.S. government has deemed Gotham City uninhabitable and ordered all citizens to leave. It is now months later and those that have refused to vacate "No Man's Land" live amidst a citywide turf war in which the strongest prey on the weak. Batman and his allies continue their fight to save Gotham during its darkest hour. Taking on a new costume and persona as Batgirl, the Huntress joins forces with Barbara Gordon, the former Batgirl, while Nightwing, the former Robin, tries to help the city's remaining citizens in any way he can. But as Batman begins to realize that he is fighting a fight he can't win, he collapses into a state of despair from which he may never recover. This volume collects the issues: BATMAN #569-71, DETECTIVE COMICS #736-738, AZRAEL: AGENT OF THE BAT #58, BATMAN: LEGENDS OF THE DARK KNIGHT #122-124, BATMAN: SHADOW OF THE BAT #90-92, ROBIN #68-72, and BATMAN: NO MAN'S LAND SECRET FILES #1.
