David Finch, Paul Jenkins, Joe Harris : Batman: The Dark Knight, Vol. 1 - Knight Terrors (The New 52) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Batman: The Dark Knight, Vol. 1 - Knight Terrors (The New 52):

0 of 0 people found the following review helpful. Knight Terrors, Schmight Terrors By Skyler Sneathen I expect alot

when they use the title "The Dark Knight". The title gave us two great films and one Miller's all time best graphic novel. This however was a mediocre attempt. I still don't understand what makes it stand out from the vanilla Batman New 52 series. Beware - minor spoilers ahead. One thing it does give is tons of villains - Two-Face, The Joker, Clayface, Bane, Scarecrow and the Mad Hatter. Sounds great, but you are compressing that all into 6 issues. This is the problem, especially when two of those villains even contribute to the whole scheme. Too much of a good thing can be bad sometimes, yes. The central scheme comes to fruition and you find out who's behind it and well little to no pay-off. The comic plays off more like a cartoon. If you read issue #3 without reading issue #1 or #2, not a huge deal seeing as they retouch on what's going on and nothing important or must-see was missed. We do get a fight between Superman Batman. Meanwhile Batman calls the Flash for help.... cool but why? This is Batman, he refuses to ask for help and why Flash? I love Flash, but again why Flash why not the boys (Robin Nightwing)? Then you have this White Rabbit character? This better have good pay off in the next volume. There's a odd hint in who it is but here's the design a girl dressed up more or less as a Playboy Bunny. I am convinced the the artist wanted to draw this and forced it in, or the writer, maybe even both. Either way I am blaming this rather un-fitting piece on there nether regions. 0 of 0 people found the following review helpful. It's not Court/City of Owls.....but still Batman. By Llamabeard The title says it all, I am an avid Batman fanatic and have read many Batman story arcs. This is the second of the New 52, books that I have started to read. Its hard not to compare the this to "City/Court of Owls" but it is and I didn't like this story as much. Knight Terrors isn't as focused and more "comic book". To put that into terms a Batman fan can understand "City/Court of Owls" is Nolan's The Dark Knight" and "Knight Terrors" is Burton's Batman Returns. I enjoyed both, both are good, but they are set in different universes and the standards for reality are different in each. That said, read New 52 Batman "City/Court, Death of the Family, Year Zero" then Batman:TDK:Knight Terrors. 0 of 0 people found the following review helpful. New to the new 52 By Wolverine I used to collect Marvel Comics but have not been keeping up with the new ones. I decided to give DC a try and this was a good comic to start with. The story is pretty standard but still good with the best dialogue and artwork I have ever seen. There have been many different interpretations of the Batman villains but I thought this was perhaps the best. The only problem with comics, especially modern comics, is that they just don't have enough content for my hard earned cash which is why I stopped buying them for several years. They don't take long to read and 10 dollars is a lot of money for just a few minutes entertainment. It actually had a little more content than I thought it would but the reason I give it 4 stars instead 5 is because I would have liked a lot more though it is probably very standard for the price. Still a good product and I intend to buy more.

Something sinister is stirring in the veins if Arkham Asylum's inmates. Psychotic and frothing with fiendish strenght, they are unleashed onto the streets of Gotham. The Dark Knight must do everything in his power to protect the people and unmask the culprit behind the mayhem. Will Batman survive the onslaught of maniacal attacks - from Scarecrow and Bane to Two-Face and the Court of Owls - long enough to uncover the truth at the end of the rabbit hole? For things are not quite as they seem... This volume collects Batman: The Dark Knight #1-9
