1 people found the following review helpful. Very cool story!By N. BeitlerThis book collects the three separate stories of the vampiric Batman trilogy. With a great story written by Doug Moench and killer artwork by Kelly Jones, this book is a must-have for fans of Batman. One of the most fun, yet dark Batman stories ever written, this one is not for kids. Also, note that this is an Elseworlds tale, so it is not set in regular continuity and all of the characters are darker versions of their regular-continuity selves.0 of 0 people found the following review helpful. Bats (mild spoiler)By NicholasThis, in my opinion, is perhaps one of the greatest batman novels of all time its definitely ranked up there with the dark knight returns and batman: court of owls vol.1(note i havent read vol.2 yet)the story is a bit far-fetched as far as batman stories go but its an elseworld story so what do you expectthe story is great the art is great(mild spoiler) the world's greatest detective(Batman) turns into a freaking vampire!! need i say more?some parts can get a little gory so id say for readers 13 and up
