Mike Norton : Battlepug Volume 1 (Mike Norton's Battlepug) before purchasing it in order to gage whether or not it would be worth my time, and all praised Battlepug Volume 1 (Mike Norton's Battlepug):

I love both the genre and breed. Truth is, when it comes to dark fantasy, we diehards want it delivered one of two ways: 1) seriously done or 2) professionally campy. Many movies appear neither seriously produced nor well done satire (Conan 2011 for instance). This comic does it right. It delivers an entertaining adventure, a well-designed, cheesy story that is really entertaining. Its appeal should extend beyond that of adolescent teens, aging fantasy folk, and pug owners. There is great fun in this book, and there is more to come with Vol.2 in the works. So inspired, I have already begun calling my snorty, over-excitable, comical ball-of-fur "battlepug" when she begins to show her true powers.0 of 0 people found the following review helpful. Great for pug lovers!By Melissa GolbaAbout time pugs have their time in the spotlight as brave animals! Those of us who live with pugs see it every day, but others just see them as goofy looking little clowns. In this series, the inside can finally match what pug lovers see on the outside! Great read and I am totally hooked.
