Mike Norton : Battlepug Volume 2: This Savage Bone before purchasing it in order to gage whether or not it would be worth my time, and all praised Battlepug Volume 2: This Savage Bone:

0 of 0 people found the following review helpful. ... him way too many times to not be in love with this seriesBy FrankieWhat can I say about Battle Pug besides the fact that I have meet him way too many times to not be in love with this series. Mike is a great guy, a great artist, and now a great story teller. My husband dragged me to a comic book convention and to my surprise I thought, okay now this is ridiculous. A gigantic battling Pug? I was intrigued enough to buy his prints and have later found myself with opening Volume One on Christmas day. Great.. my husband trying to get me into comic books again... I thought to myself, well, lets see what this giant pug thing is about. And wow, I was so blown away with how interesting it was and found myself wanting to read more by the end of it. Since then I have nearly every single one (signed of course!) and have to say that it is funny, sad, action packed, thought provoking, silly, and doesn't take itself too seriously but is not some goofy comic. I would also not recommend this for children as the language, nudity, and such tends to not be a good thing for younger folk.Pros: the nifty little things about it like the detail, the short narrative about Mike (which are hilarious and each book is different), and the fan art in the back! Plus, PUGS!!!! Who doesn't love those scrunchy face, snorting, fat sausage dogs?! That dog has bravery, courage, and enough pug like qualities to go "awwww...!!!" and root for him to win when things get sticky.Cons: if you do not like pugs do not read. Very pug heavy.0 of 0 people found the following review helpful. Fun and exciting seriesBy LGrayBattlepug is an interesting, exciting series! I love the art and the storytelling is excellent. A very fun read!1 of 1 people found the following review helpful. PugalishishBy ProfHillJWThis is a great continuation of the story of the giant pug and the warrior he adopts. Seriously though, the art is great, the story is fun and dark and comic gold.

When the Warrior was just a child, the beast mage Catwulf destroyed his village. Since then, the Warrior has become strong, and he will have his vengeance! Joined by his trusty steed and friend Battlepug, a crazy loon, elite warrior Black Sasha, and a foul-mouthed child mage named Bryony, the group will not be denied revenge, but are they ready

to meet one of the most powerful mages in the world in battle? Battlepug Volume 2: This Savage Bone collects the entire second year of Mike Norton's webcomic hit Battlepug, complete with exclusive extras!
