**From Fantagraphics : Beasts!: Book Two (New Modern Now Library) (Bk. 2)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Beasts!: Book Two (New Modern Now Library) (Bk. 2):

When I needed a unique gift for a friend, I felt like this would be the perfect addition to his coffee table. This hardcover book is fantastic, with high quality paper and a nice textured cover. The images run the gamut of contemporary art; from creepy to zany. The only reason I give it four stars was that the corners on the covers were a little bit dinged. I didn't have time to send it back (my fault), but it should have been in perfect condition. Now I just wish that I had gotten an extra copy for myself. 0 of 0 people found the following review helpful. Five Stars By Sarah Louise Amazing book! Volume one is also highly recommended. 1 of 1 people found the following review helpful. Visual Eye Candy: Part 2! By J. Wyant In some ways, I find this book even better than the first - which speaks to the concept and coordination of the project itself. The hard-back edition has a wonderful tactile feel to the cover, which I absolutely love. Again, great for inspiration, entertainment, and conversation. An excellent addition to my collection of inspirational resources.
