**Nick Spencer : Bedlam Volume 2** before purchasing it in order to gage whether or not it would be worth my time, and all praised Bedlam Volume 2:

I couldn't put it down and I wish so desperately there was a third. This is a must read for any comic lover who doesn't mind a bit of twisted, f\*\*\*ed up storyline. The artwork is phenomenal and is easy to get lost in. It's so far from typical graphic novels, it can't even compare.1 of 1 people found the following review helpful.

Huge Fall from the First Volume. By Yashar Ghaffarzadeh I got the First Volume - AWESOME Second volume? .... Same writer, different artist. I really didn't like it. The story takes kind of a turn into political intrigue and not something that you would think relates to the first volume. The art is a lot of choppy and rough, in way that almost doesn't compliment the story line. It goes from Fillmore battling his salvation and helping the cops in a Dexter/Blacklist kind of way in the first volume, to a weird story of the mayor fighting for reelection and dealing with how the murders are effecting his campaign... A lot less of the Fillmore that we feel in love with in Volume 1.0 of 0 people found the following review helpful. love By Customer Love this series it just gets better
