Len Wein : Before Watchmen: Ozymandias/Crimson Corsair before purchasing it in order to gauge whether or not it would be worth my time, and all praised Before Watchmen: Ozymandias/Crimson Corsair:

1 of 1 people found the following review helpful. Good book. By K. Pring This was, in the series of Before Watchmen books my 3rd favorite, they are all good, expanding the story the depth of the characters from Watchmen. Except for the Story based on the Comic from the original, these horror, no one can ever win, terrible things happen no matter what and the main character is always screwed kind of stories just do not appeal to me and never have. It was hard

enough getting through them in Watchmen and it's not that easy getting through the Before Watchmen version either. Ozymandias on the other hand was fantastic, this really flushed out his back story tell us where this "Hero turned Villain" came from and why he does what he does. Great read highly recommend it. Thanks for reading have a nice day!0 of 0 people found the following review helpful. A title that can hold it's own to the original.By Davis KingOzy story is by far the best of all the prequels. The original graphic novel dove into the character to an okay extent, although considering his importance to the story, I wished it has gone deeper. And here it goes just as deep as anyone had ever wanted it. We finally get a more complete idea of Veidt and how he turned into the villain, as well as how he justifies killing so many in the name of peace. Stellar writing. Interesting layout. Great artwork.The crimson corsair was good as well, but I felt the beginning moved a little slow for my taste but everything wrapped up perfectly in the end.Dollar bill one shot was a fun read. He was the only character that didn't get developed in Minutemen or the original and It was interesting and darkly funny to see his back story.1 of 1 people found the following review helpful. No better than fairBy The PhantomThe "Ozymandias" storyline is OK; not as good as some have said, but pretty good. It gives us more of a genuine origin story than any of the other "Before Watchmen" stories give. "Crimson Corsair" doesn't suit my tastes at all and I found it to be very uninteresting. The included Dollar Bill one-shot probably is the best thing in this compilation.

A New York Times Best Seller!Discover what happened before WATCHMEN. The team of legendary writer Len Wein and acclaimed artist Jae Lee--in his first DC Comics' work in nearly a decade--dive into the mind of the smartest man in the world: Ozymandias. How does one go from the son of immigrant parents to becoming the world's smartest man? Adrian Veidt begins his journey, both spiritual and physical, that will one day make him one of the most pivotal players in the world-changing events of WATCHMEN.Collects BEFORE WATCHMEN: OZYMANDIAS #1-6, "Curse of the Crimson Corsair."From the Hardcover edition.
