3 of 3 people found the following review helpful. Great Series Cant wait for more crosses fingers for vol 38 and beyondBy zeoLove this series. Anyone that is a fan of the anime should read the books too there is so much missed or better the manga does then the anime series. Even the new Berserk movies still can beat the manga, the new or bits of pieces that the movie has from the manga is only a small sample of whats good about berserk. The new tv series is accurate and very close or almost page for page the same as the books, but definitely not the same as the manga. I wish dark horse releases more volumes or get to volume 39(the latest chapter) so I don't have to always read the online versions. Hopefully the new berserk tv series will boost sales so we get more berserk in the future.2 of 2 people found
