**Frank Miller : Big Damn Sin City** before purchasing it in order to gage whether or not it would be worth my time, and all praised Big Damn Sin City:

1 of 1 people found the following review helpful. Worth the buy for sure!By TenguSoulIt really is a very large omnibus, The stories are great, the binding and print quality is fantastic, worth every penny. It might sound weird, maybe some other sin city fans will get this, but when i open it up the sheer size makes me kinda feel like im in a theater reading this comic. Even if you aren't a black and white comics fan (which i most certainly am not) this is THE

omnibus to order. If you don't own or are hesitant to own any black and white stuff this is the stuff to buy. Frank Miller understands what black and white is for and does the Noir genre justice. I also love that if there's a lot of text he knew not to clutter the art and he put it off to the side its so great.0 of 0 people found the following review helpful. Could probably be used as a weapon and might even stop a stray bullet in Oldtown!!By Nick RicciThis is one DAMN awesome book. It is so massive that it could probably be used as a weapon and might even stop a stray bullet in Oldtown. I previously owned the series in TPB, but when I saw this was coming out I sold my set and purchased it immediately. It is such a statement piece in a bookshelf or coffee table.The book is VERY well made and will stand the test of time and many readings. This is a MUST have for any Sin City of Frank Miller fan!!3 of 3 people found the following review helpful. big and gorgeous.By Matt in ColoradoOof. That's what I think when letting this thing. It's huge and gorgeous. High quality and really well put together. The stories are complete and all there. It's nice to inspect the art in a larger format. Make no mistake. This is a BIG and HEAVY book. Not really got bedside reading.I highly recommend it overall. I got mine for the 60 dollar priced point. A bargain at that rate.

The biggest, baddest Sin City ever is here, just in time for for the release of the feature film, Sin City 2: A Dame to Kill For! This imposing volume, suitable for home defense, contains all seven of Frank Miller's landmark Sin City yarns! In these tales of Marv, Dwight, Gail, Miho, Hartigan, Nancy, and the Yellow Bastard, no corner of Basin City is left unturned, and no bloody deed is left undone. Written with unmatched intensity and drawn in the starkest black and white imaginable, the Sin City books make up the greatest crime saga in comics history, and Big Damn Sin City is the best way to discover or rediscover it!

About the AuthorFrank Miller began his career in comics in the late 1970s, first drawing then writing Daredevil for Marvel Comics, creating what was essentially a crime comic disguised as a superhero book. It was on Daredevil that Miller gained notoriety, honed his storytelling abilities, and took his first steps toward becoming a giant in the comics medium. After Daredevil came Ronin, a science-fiction samurai drama that seamlessly melded Japanese and French comics traditions into the American mainstream; and after that, the groundbreaking and acclaimed Batman: The Dark Knight Returns and Batman: Year One, both of which not only redefined the classic character, but also revitalized the industry itself.Finally able to fulfill his dream of doing an all-out, straight-ahead crime series, Miller introduced Sin City in 1991. Readers responded enthusiastically to Miller's tough-as-leather noir drama, creating an instant sales success. His multi-award-winning 300 series from Dark Horse, a telling of history's most glorious and underreported battle, was brought to full-blooded life in 1998.In 2001, Miller returned to the superhero genre with the best-selling Batman: The Dark Knight Strikes Again.Frank Miller continues to push the medium into new territories, exploring subject matter previously untouched in comics, and his work consistently receives the highest praise from his industry peers and readers everywhere. In 2005, with the hugely successful Sin City movie release, co-directed with Robert Rodriguez, Miller added a director's credit to his already impressive resum and introduced his characters to an entirely new legion of fans worldwide. The author lives in New York, N.Y..
