Great story arcBy nirvanaaqnGreat story arc. Too bad the series was cancelled.I love the characters, and I love the art style. Little jarring without the Annihilation series, which is supposed to provide context for all of this.0 of 0 people found the following review helpful. Item!By Johnny M. QuartuccioTerrific. I was heretofore unfamiliar with the book (GOTG). These two volumes were an excellent introduction. Well written and beautifully drawn.

Can the Guardians of the Galaxy stop the War of Kings? As Black Bolt and Vulcan square off and the Inhumans and Shi'ar ravage entire planets, the Guardians are stuck in the middle! As new discoveries are made and old friends are betrayed, the new Guardians must stand shoulder-to-shoulder with cosmic legends to survive! But when the Fault, a massive rift in reality, releases a viral xenofom that threatens to destroy the cosmos, the bruised and batt ered Guardians must return the creature to its own dimension before the unthinkable happens.
