(I don't think it's possible to slice an autopistol in two with any garrote wire known to exist. Especially one that is supposed to be made of abnormally hard steel.) But an all around fun book. Definetly not for younger audiences.3 of 3 people found the following review helpful. ONE GREAT MANGA BY A GREAT CHARACTER DESIGNERBy PersonReviewingThis manga by the character designer Kenichi Sonoda is amazing. The anime, an OVA, is also titled "Gunsmith Cats" and it is equally amazing.The artist is also the character designer for one of my all time favorite anime the "Bubblegum Crisis" OVA.This series consists of

4 omnibus volumes (Gunsmith Cats Revised Edition), and there is a continuation consisting of 5 volumes (Gunsmith Cats Burst) that concludes the series. In my opinion this is a wonderful manga and the OVA is also one of the best anime, though the OVA is currently hard to find. I have not read or watched the series "Ridding Bean", but I believe it was written prior to "Gunsmith Cats." 26 of 27 people found the following review helpful. 456 pages of Gunsmith Cats! By Michael Valdivielso This is a real steal. They put about three of the normal manga volumes into one huge one. Returning to the pre-flip, right to left Japanese style of reading, and costing only slightly more than ONE of the older, smaller, volumes this is a real deal. If you want gun fights, explosions, car chases, cute girls and adult humor THIS is the megavolume to start with. But you have to be 18+ or older. Some sex scenes and one scene that suggested a rape that happened but was not shown. The Gunsmith Cats were one of the first manga I picked up and really showed me how different yet enjoyable Japanese manga could be. Don't forget there is also an anime DVD out there, with three episodes of action and a 30 minute bonus feature on the making of the anime.

Rally Vincent and Minnie May Hopkins are experts in their respective fields of marksmanship and explosives, but they're so cute you'd never know. Neither would the perps be unlucky enough to be hunted. Presented for the first time in the authentic Japanese format, these giant-sized volumes are action-packed, unretouched, and sure to please the gun-nuts, auto buffs, and manga maniacs!
