**Christopher Hastings : Gwenpool, the Unbelievable Vol. 1: Believe It** before purchasing it in order to gage whether or not it would be worth my time, and all praised Gwenpool, the Unbelievable Vol. 1: Believe It:

0 of 0 people found the following review helpful. A quirky, genre-savvy heroine. By Jeremy Dinsmore Not knowing some of the lore behind a few of the characters Gwen encounters, I was a little lost. That said, the art and humour were pretty good, and the stories were fun to read. The art style tends to bounce between a realistic style and a cartoony,

vaguely manga-ish style. Honestly, while both styles were pretty good in their own ways, I preferred the more cartoonish style. It fit the tone of the story and character a lot better and was a lot cleaner and easier on my eyes. I'm a sucker for a genre-savvy character, and you can't get much more genre-savvy than a reader who was pulled in from "the real world". A pretty old trope, but Gwenpool makes it work. I rate this an 8/10. It's a short read, I demolished this book within a half-hour of pulling it out of the package, but I will probably read it again, and buy the other volumes. 1 of 1 people found the following review helpful. SO GREAT YOU GUYS By Scott Fogg Such a wonderful, delightful, hilarious surprise! I picked it up because I follow some of the creators on Twitter and finally caved and picked up "yet another Gwen book" and fell absolutely in love. Such a great concept expertly executed! Can't wait to read more! 0 of 0 people found the following review helpful. Fun read! By Pineapple Sam Goofy superheroics, for fans of Unbeatable Squirrel Girl, Howard the Duck or any humorous Marvel comics. A must read! Pineapples!

2015's overnight internet sensation takes center stage in her own series! Gwen Poole used to be a comic book reader just like you...until she woke up in a world where the characters she read about seemed to be real! But that can't be, right? This must all be fake, or a dream or something, right? And you know what that means...NO CONSEQUENCES! Could Gwenpool truly be Marvel's least responsible and least role-modely character to date? She can if she tries! COLLECTING: GWENPOOL, THE UNBELIEVABLE 0-4
