**Tim Seeley : Hack/Slash Omnibus, Vol. 2** before purchasing it in order to gage whether or not it would be worth my time, and all praised Hack/Slash Omnibus, Vol. 2:

0 of 0 people found the following review helpful. Love it!By VoidPlutoI didn't know much about the series before I bought this omnibus. Hack/Slash is incredible. The art is stunning, the stories are reminiscent of the classics, in some cases literally reviving 80's slasher flicks like Chucky and the Reanimator.While campy and fun, there is a certain

level of gore that makes this series true to the genre. There is also a depth to the main arc that adds deminsion to Cassie and Vlad.I can't wait to buy the next omnibus!0 of 0 people found the following review helpful. Cheesy fun!By ChibiNekoI finished the first volume within a day so I figured hey, why not check out the next one? I'm rather glad I did since the storytelling does improve with this volume. (OK, so I admit that the cover art drew me in as well.)The storytelling has improved with this volume, as do the cameos by both actual people and familiar horror icons. We get a glimpse at some Suicide Girls in this volume and while it does serve to be more of a vehicle for SG during that chapter, it was still pretty decent. (Sometimes you've just got to sit back and enjoy the... scenery.)This is still a pretty shallow comic series, choosing to focus more on the cameos and horror cliches, but you can't really begrudge Seeley this fact. This series never hides what it is, which is part of why I've come to love it so much. Sometimes stuff like this just works and for Hack/Slash it does.UPDATE:The comic must be doing something right, as I ended up purchasing this years later despite feeling somewhat lukewarm the first time I read this. There's just something about this series that just gets under your skin and takes up shop there.0 of 0 people found the following review helpful. Five StarsBy SatanArrived in Great Condition

Collecting the entire first year-and-a-half of the ongoing series! The Hack/Slash collection readers have been waiting for, this new Omnibus collects the first 14 issues of the ongoing series, and features classic slasher villains like Acid Washed and Father Wrath, as well as Cassie's first encounter with Georgia. All this and the first-ever Hack/Slash Annual in one mega-volume!
