**Tim Seeley : Hack/Slash Omnibus, Vol. 4** before purchasing it in order to gage whether or not it would be worth my time, and all praised Hack/Slash Omnibus, Vol. 4:

0 of 0 people found the following review helpful. The series gets back on track.By John DoePretty much all of the existing reviews on this volume weren't very helpful to me; "it's good, I like this series" isn't enough of a reassurance to me that the series turns around after the lackluster (well, kinda bad) 3rd omnibus.Well, it has. A return to the status quo set by the first and second omnibus if I may say. In fact, so far in the series I believe this was the most entertaining to read. Cat Curio returns out of nowhere, and is now one of my favorite characters. There's a lot more focus on sexy

women (like there wasn't already) and the overall action, violence, and comedy that you'd come to expect from the series. The drama is still there, but there's generally more fun. The majority of the art this time around is great, with the very final issue in the book unfortunately ending on a low note in that regard. However, this book has one of my favourite art styles so far: the segment by Ariel Zucker-Brull. This series has been somewhat of a whore as far as the number of various artists working on it, so it's nice when you have an omnibus that generally hits a certain quality standard. Overall, great. Looking forward to #5.0 of 0 people found the following review helpful. Five Stars By Mr\_HAHALove this book!!! Entire series is top notch!!! 2 of 2 people found the following review helpful. Got to love Hack/Slash By S. Raison I read all the single issues but still bought this book. Great price and love to have all the story (or at least a huge chunk of it) in one place. Binding is good and very high quality overall.

A hefty brick of critically acclaimed horror goodness! Cassie and Vlad are launched into a new slasher hunt as they descend into a vast, dark conspiracy and must face old enemies, Victor Crowley (from the Hatchet series), Bomb Queen, Fantomah, and teenage pop music fans!
