Tim Seeley : Hack/Slash Volume 2: Death by Sequel before purchasing it in order to gage whether or not it would be worth my time, and all praised Hack/Slash Volume 2: Death by Sequel:

0 of 0 people found the following review helpful. I LOVE IT!By Juan M.I LOVE IT!0 of 0 people found the following review helpful. Fun read - like all "Hack/Slash" titlesBy DuderinoAll Hack/Slash volumes are exactly what I expected. They are fun and easy to read. In fact I will copy and paste this review and put it down for all the other Hack/Slash Volumes I own.This series is fun and that's all that matters to me when reading comics.2 of 2 people found the following review helpful. Not quite as good as volume one but still a good readBy J. ShepherdThis, like the first

volume, is a collection of "episodes", each one basically a small scale slasher movie. This volume only has two of these stories, they're both just as good as those in the first volume. The characters, writing, dialogue, are all still good, but the artwork is drastically different in this, and in my opinion, not in a good way. Once you get used to it, though, it shouldn't get in the way of your enjoyment too much. I'm surprised that they're actually turning this series into a movie as it doesn't seem to be too widely known, but it should be interesting.

Everyone's favorite slasher-slasher is back in a slue of bloody adventures! Follow Cassie Hack and her hefty partner, Vlad, as they go everywhere from killer chipmunk hunting to Japan to Cassie's worst nightmare literally! This second collected volume from creator Tim Seeley takes you even deeper into what it means to hunt psychotic killers for a living and look good doing it!
