Tim Seeley : Hack Slash Volume 3: Friday the 31st TP before purchasing it in order to gage whether or not it would be worth my time, and all praised Hack Slash Volume 3: Friday the 31st TP:

0 of 0 people found the following review helpful. One of the most unique and original horror stories ever written.By Anthony NelsonI've been reading Hack/Slash from the very beginning and it's really some of the best writing I've ever had the pleasure of reading, especially as a long time horror fan.2 of 2 people found the following review helpful. Fun read.By J.This is a good read. Artwork may be hit or miss at times, but enjoyable overall. The characters introduced in

this comic are all interesting. The bad guys are quite good, too. Some original takes on old standards. Some of the same stories reprinted in the Hack/Slash Omnibus. has a habit of sending me damaged books, though, so if you like pristine copies, I'd probably just hit the comic book store. I've bought a few comic book volumes from and every one of them has had smashed corners, which is too bad because you can find good prices on a lot of these things.1 of 2 people found the following review helpful. The best of horror comicsBy Dustin WhalenHack/Slash is the pinnacle of Horror comics. Its funny, creepy, gory and not to mention sexy. Cuz lets face it, Cassies hot. I recommend all 3 graphic novel collections of Hack/Slash. This one has a dream come true for horror fans. Cassie meets an actual movie slasher in Chucky. And Chucky is written perfectly here. His hilarious "I cant wait to kill somebody" attitude is very present through the whole story. I hope Cassie ends up meeting other horror icons like Freddy,Jason, Michael and Pinhead. I'm a huge horror fan. And I honestly believe the best medium for the genre is in comics. Cuz here you can do things more often than you can in films. And the colors and the atmosphere in comics can bring things to life that other mediums have a harder time doing. And Hack/Slash is the best of the best. If you like great slashers, beautifully creepy atmosphere and good comedy. Look no further than Hack/Slash.

Surviving the first horror movie is tough. Surviving the sequel is near impossible. Making it to the third? Now that's, well, superhuman! Cassie and Vlad manage to get to their third trade paperback collection of Hack/Slash! But there, they have to face murderous dolls, medical miscreants, and satanic rockers will they make it to the end in one piece?
