As usual the art work is great, I would expect no less from Marvel. But I noticed a few errors in the story, no spoilers here. To put it plainly if you have read the book "The Fall Of Reach" you'll be able to spot the errors right off the bat as I did. But if haven't read any of the books and only played the games then the story will hold you until the last page. All and all this is a good book and worth adding to your

collection if you have all of the other Halo books out there. My only problem is I wish 343 would stick to one story and stop changing it every time something new comes out. 0 of 0 people found the following review helpful. Read the entire soul clenching awesome collection of novels By Jonathan Bayrd A VERY vague picture book of an epic story. Read or audible fall of reach novel. Retreat? Hell. Read the entire soul clenching awesome collection of novels. Other than the base books the kilo-5 trilogy by Karen Travis was a personal fave.

#attention MICROSOFT/343 Industries/Spielberg #dontfthisup! The story is flawless as is please don't defecate all over this beautiful gift wrapped fortune by letting some dildo writer eff with the meat and potatoes of the pre-plattered lore, like those douche bags Sony did with the Resident evil collection. Ugh. Girl power. I'm going to school so I can work with and for most of you in the next couple years and would love to play a hand in the portrayal of a legend, a story, the universe I have fallen in love with since puberty.... So please. Stay true to what has been given and let the millions make themselves. Not a bad comic. None of the endearing character detail that allowed chief to capture our hearts, but good picture book. 1 of 1 people found the following review helpful. Master Chief! By Garrett I was a little disappointed that this book includes everything that you can already find in the Halo Fall of Reach book. It's nice to see it from a comic book standpoint though. I'm a huge fan of the Halo expanded universe, and for newcomers, this would be a great one to pick up! It gives a back story to the Master Chief! It shows you how he was conscripted into the UNSC. I would recommend this for newcomers.

THIS IS WHERE IT ALL BEGAN... Before he was Master Chief, he was John - a boy stolen from his parents and conscripted into the SPARTAN II program on the fortress world of Reach. These are desperate times in the human colonies, with galactic civil war just a heartbeat away...and only Dr. Catherine Halsey understands the terrible price humanity must pay to keep from destroying itself. Brian Reed (Spider-Man: American Son), and Felix Ruiz (MARVEL BOY: The Uranian) bring you an adaptation of the best-selling novel HALO: FALL OF REACH by Eric Nylund.
