Milk Morinaga : Hana Hina After School Vol. 2 before purchasing it in order to gauge whether or not it would be worth my time, and all praised Hana Hina After School Vol. 2:

0 of 0 people found the following review helpful. Hina's struggles of the heart
By Robert Fisher
I read the first volume of Hana and Hina and it was a good introduction. Hana and Hina work at a shop but they risk expulsion as their school has a rule against students having jobs. There is also the matter of Hina having been a model and school officials don't think she reflects the image they want to project. This volume picks up the pace and has a situation typical for a Milk Morinaga story as Hana and Hina realize their attraction to each other. Much of the story here is Hina's. She seems ambivalent about her orientation, she doesn't want to hurt Hana, and even contemplates quitting her job. Hana is given her own bit of difficulty when she meets a girl who describes herself as being Hina's ex. There is a sad, funny scene

when Hina discusses her attraction to Hana with her friends. She doesn't mention either name or gender and her friends have visions of a sweet, sensitive guy. The volume ends as Hana and Hina attend a festival and Hana starts to realize her feelings for Hina might go beyond friendship. Hana and Hina After School is a strong series about what happens when unlikely people find themselves falling in love. 0 of 0 people found the following review helpful. Blooming love By Anime Lover This story picks up right after sports day with Hana going to visit Hina. But soon a rift opens between them as Hana asks about Hina's past and also jealousy of Hana's one friend. While the two work to overcome this, Hana meets a girl who says she was Hina's Ex. Will these two different, yet same girls be able to overcome these obstacles or will it split them apart before they realize they have something special? I truly love this series so far. From the opening chapter to the end the two girls both struggle with changes, other people in the others life, and the past. The first part is mostly told from Hina's perspective as she struggles with her feelings of the past and how she feels about Hana, with the final chapter being Hana's eyes and the realization that Hina is more than a friend to her. The only thing that sucks about this series is that we have to wait so long for the next volume and we need to see how Hina's ex will stir things up for the two. (also this really needs to be animated, I would support it in a heartbeat). 0 of 0 people found the following review helpful. Five Stars By Jason C Lund A really great series

Hana Hina After School is an all-new manga series by Milk Morinaga, a beloved creator known for her critically-acclaimed works in the yuri genre, including Girl Friends and Kisses, Sighs, and Cherry Blossom Pink. Hana Hina After School is a romantic comedy about two dissimilar girls who find common ground when it comes to all things cute. Hana Hina After School is an ongoing manga series that will feature full colour inserts in each volume. Hana and Hina are two high school girls working at the same character goods shop, but they are completely different from one another. Hana is petite, uncertain and shy, while Hina is tall, confident, and trendy. Yet they share a secret: their school has a strict policy against taking part-time jobs. They also discover that both of them share an irresistible attraction to things that are cute, be it the uniforms at their all-girls' school or...each other! Just how long will Hana and Hina be able to keep their after school jobs, and their feelings for each other, a secret?

About the Author Milk Morinaga is a fan-favorite yuri manga artist whose works include Girl Friends, Gakuen Polizi, and Kisses, Sights and Cherry Blossoms Pink.
