**Claudia Birkenshaw : Handbook for Hospital Billing, With Answer Key, Print Edition: A Reference and Training Tool for the UB-04 Manual** before purchasing it in order to gage whether or not it would be worth my time, and all praised Handbook for Hospital Billing, With Answer Key, Print Edition: A Reference and Training Tool for the UB-04 Manual:

Provides critical UB-04 training and serves as a reference for coders, billers, auditors, and accounting staff who have the responsibility for preparing and reviewing accurate documents for claims submission. The Handbook can reduce

revenue loss and speed up claims processing to payers by increasing the level of knowledge between coders, billers and everyone else involved in the revenue cycle. It teaches individuals how to complete a facility UB-04 billing form, and contains vignettes that explain the billing office process, its components and reporting nuances. Readers who follow the identified steps can significantly reduce the data rework on print and electronic form submissions and increase the speed and acceptance of claims. Hospitals and other care providers can maximize claim processing performance and revenue recovery and improve their revenue cycle.

Billing and coding conventions are complex, but well explained in this handbook. I encourage HIM, PFS and all other revenue cycle staff to read this insightful analysis. --Daniel J. Coffield, MBA, CMCP, FHFMA, VP CFO, Trinity-Health, Novi, MI...a valuable training manual as well as reference guide for all those involved in the health care revenue cycle. --William D. McGregor, Dir of the Revenue Cycle, Hurley Medical Center, Flint, MI...comprehensive, detailed, and answers all of your questions on the UB and more. It can be used for all levels of education...the real-life business examples pull it all together into a very consist well documented manual. --Christine Parniske, Dir Patient Finance Svcs, Port Huron Hospital, Huron, MI...a valuable training manual as well as reference guide for all those involved in the health care revenue cycle. --William D.
