Very goodBy Jude~4/5[More of my reviews are available on my blog, Geeky Reading, to which there's a link on my profile.]Im just plain enjoying this series right now. Its cute, lighthearted, fun. The humor really works for me, the characters are well-done, the art is pretty. Maybe its clich, maybe the heroine is weak/a little too shy, but I dont really care about that here. I just like it.There were some normal,

stereotypical instances here. The two getting thrown alone together, freaking Chiwa out. The two of them are starting to deal and admit to their obvious attraction to each other, as well as getting to know each other better, growing closer. Its moving at a reasonable, steady pace. The last chapter, though, included some of Hokutos family, and that definitely helped them get closer. It also developed Hokutos personality, and was a nice step to show that Chiwa is there for him. I like this series quite a bit. I like the characters, although I would like Chiwa to mature some more. I like the pace that the two are moving in their relationship, and look forward to where it goes in the next volume. I like the humor, and the art. Im just enjoying it. 0 of 0 people found the following review helpful.
