Maki Enjoji : Happy Marriage?!, Vol. 6 before purchasing it in order to gage whether or not it would be worth my time, and all praised Happy Marriage?!, Vol. 6:

Fun, lighthearted readingBy AppleVenusI've only read this manga Boys over Flowers and Skip Beat so I may not be much to judge by but I think it's a cute, engaging and well written story. I wish they would hurry up and translate the rest of the books. I love the relationship that is still developing between Chiwa Hokuto (is it strange that I find him attractive?). I have re-read this book multiple times because it is a great escape mechanism from the daily grind. I wish or Maki's American publisher would make her other books

available as I'd love to explore them since I haven't seen any other mangas that compel me to read them. 0 of 0 people found the following review helpful.
