This is a serious return to form. its very dark even by Morrison's standards; he seems more depressed than he did even in WE2 but combined with the Happy's weird neo-80's art its a worthwhile endeavor. If someone stuck Noir writer David Goodis, Teen Titans era

George Perez and Howard the Duck or My Little Pony in a blender with Morrison's own sensibility this strange and interesting book would most likely be the result. Its not The Filth or Animal Man but so what. If you like Morrison you should get it. 0 of 0 people found the following review helpful. Five Stars By Ralph A.
