Joshua Dysart : Harbinger Deluxe Edition Volume 1 before purchasing it in order to gauge whether or not it would be worth my time, and all praised Harbinger Deluxe Edition Volume 1:

5 of 5 people found the following review helpful. Haven't Read Valiant? This is a Good Place to Start By Anarchy in the USI know it's a bit hip to ride the bandwagon of comics currently of those to suggest reading something outside of the Big Two (Marvel/DC), but I have to admit, a great deal of refreshing comics are coming out of other companies. Image and Dark Horse are knocking it out of the park as I type this. Nothing against the Big Two, seeing as I am a massive DC person --just check most of my reviews on DC--, and both Marvel/DC are putting out great stuff to be fair. But I think I am joining the hip crowd of those other comic companies, seeing as I am hooked on Valiant now, thanks to dabbling in X-O Manowar and Quantum Woody. Does Harbinger get a passing grade as well? Oh very much

so!HARBINGER DELUXE EDITION VOL.1 collects #0-14 of the series that makes up the first three tradesHarbinger Volume 1: Omega Rising TP (Issues 1 - 5)Harbinger Volume 2: Renegades TP (Issues 6 - 10)Harbinger Volume 3: Harbinger Wars TP(Issues 0, 11 - 14)Peter Stanček has been running from the law for years trying to suppress his abilities that haunt him. Peter finally gets caught by an organization called Harbinger and finds out his powers are that of a psychic. He can read minds, create force fields, lift objects, and many other things he never knew possible. The Harbinger organization is lead by Toyo Harada, a wealthy businessman and the world's most powerful psychic that wants Peter to join his group that has numerous Harbingers with psychic abilities just like Peter. But something goes awry and Peter see's the organization has an evil group with Harada at the helm. So Peter goes about the country, recruiting other psychics to help him battle Harada's inevitable reign on the world.Writer Joshua Dysart keeps a majority of the classic Harbinger storyline and characters intact, but adds a modern day touch of workmanship. Character and world building are told through dynamic action from Peter taking on Harada's corporation, while the slower moments give insight on the characters inner turmoils. So although this is an action heavy series (it and X-O Manowar), Dysart still finds ways to flesh out the cast. All the characters have troubled past, so when we do get to know them, including Harada's own origins, we do sympathize with what the characters are doing. This makes it where we get behind our heroes, yet understand that even Harada is trying to the right thing even if he is the antagonist. This is what makes Harbinger a great read.Art duties are mostly handled by Khari Evans and Trevor Hairsine that both make detailed action and destruction when need be, while showcasing emotions vividly. The fill-in artist Mico Suayan, Barry Kitson, Phil Briones, Lee Garbett, Pere Perez, and Matthew Clark do commendable work.I usually add some possible negative feedback on everything I review, but I did not find much that might bother readers. Maybe the character of Kris Hathaway who does seem to be a little too angry to the point of annoyance once in a while (even hypocritical). And the buildup for the confrontation of the Harbinger Wars won't happen until next volume. But again, I didn't find any faults consider the oversized format and additional content for the price you are getting.So yeah, HARBINGER DELUXE EDITION VOL.1 is another reason why so many are praising the Valiant line of comics and I am not afraid to see why. It's got great storytelling, compelling characters, plenty of action, lovely art, and all at a reasonable price in this deluxe edition format. I definitely will pick up the next wave of deluxe hardcovers in the future like Bloodshot Deluxe Edition Book 1 HC and Archer Armstrong Deluxe Edition Book 1 HC. New readers should give this a try.6 of 6 people found the following review helpful. Nobody else is making comics like this!By T. L. BarrettHarbinger is X-men with a bitter twist. What if Xavier used his dangerous psychic powers to actually mold the world into the vision he has for it? What if his would be students don't agree with his "ends justify the means" strategies? I just finished reading this Deluxe Edition for the second time in a month. I love, love, love this. The art is evocative and doesn't fall into the trap of pretending it is the reason for the comics existence, hence you get good storytelling all around. Dysart is quickly becoming my favorite writer of all things graphic. This guy really spins a complicated and intelligent yarn with the right amount of drama, action, and characters you really care about. What a beautiful edition, too, and affordable! If you are tired with the same old, same old from the big 2 yet would like a story that is woven into the fabric of an established and believable "superhero" world, you must read Valiant. There is no better place to start than right here!0 of 0 people found the following review helpful. Amazing Series, if you don't love comics you will after reading this saga!!!By B. RichardsonThis is by far my favorite comic book series right now. The writing in Harbinger is mature and engaging. The characters are interesting and have multiple layers. Its a great take on a classic theme. There is no other Super Hero team like this. I cannot wait to see more of the Renegades and new characters! Pick this up and then grab the 2nd deluxe edition. I own them both. Faith, a featured character, is worth the purchase!!!

An oversized, deluxe hardcover collecting the landmark first year of Harbinger in the Valiant Universe! Outside the law. Inside your head. You've never met a team of super-powered teenagers quite like the Renegades. Skipping across the country in a desperate attempt to stay one step ahead of the authorities, psionically-powered teenager Peter Stanček only has one option left run. But he won't have to go it alone. As the shadowy corporation known as the Harbinger Foundation draws close on all sides, Peter will have to find and recruit other unique individuals like himself... other troubled, immensely powerful youths with abilities beyond their control. Their mission? Bring the fight back to the Harbinger Foundation's founder Toyo Harada and dismantle his global empire brick by brick... Collecting the sold-out HARBINGER #0-14, the Harbinger Deluxe Edition Vol. 1 HC also comes jam-packed with more than 20 pages of never-before-seen art and extras, direct from the Valiant vaults.
