Joshua Dysart : Harbinger Deluxe Edition Volume 2 before purchasing it in order to gage whether or not it would be worth my time, and all praised Harbinger Deluxe Edition Volume 2:

0 of 0 people found the following review helpful. Rise of the RenegadesBy zagainHarbinger volume 2 introduces readers to a rag tag group of Psiots that join up with Peter Stanchek to stand against the Harbinger Foundation. This trade collects issues 6-10 of the ongoing series, and each chapter/issue provides background (and is told from the perspective of) each of the five members of the group. Joshua Dysart does a fantastic job of providing the backstory and background for each character while simultaneously advancing the overall story of the book. The most standout

feature of the first volume was Dysart's writing and this followup easily matches it. He weaves together the right mixture of background/origin story, advancement of the current plot, and action sequences. The downside is that the art is a bit inconsistent, and that can be expected given that a number of different artists worked on the volume. The real problem, though, is that there's one area where all the artists were consistent: they are all quite bad at drawing Faith. I realize she's designed to be an overweight teenager, but she looks cartoonish in the best panels and awkwardly unrealistic in the worst ones. Overall, while the art isn't fantastic, Dysart's writing on what's turning into a fantastic series more than makes up for it. 0 of 0 people found the following review helpful. These heroes take the normal hero and smash it to bits! By Leria Draven Very good artwork and love the diversity of the story, from a non superpower girl to the ones that you would never think as being heroes turning out to be the most awesome ones. The story line is easy to follow and keeps things moving along. A great read for any fan of comics, especially ones wanting to break away from the "normal" comic book image. 0 of 0 people found the following review helpful. Because it's awesome. Dysart continues to world-build By Lloyd Alexander Why five stars? Because it's awesome. Dysart continues to world-build, but what is most impressive to me is the thorough characterization of each person in the story. No one seems like a throwaway plot device and everyone speaks with their own voice. Impressive story telling.

From the mind of New York Times best-selling writer Joshua Dysart (Imperium, Unknown Soldier) and an all-star cast of comics top talents comes the second stunning, oversized hardcover collection of the devastating series that the Onion/A.V. Club calls one of the most binge-worthy superhero comics currently available! Peter Stanchek. Toyo Harada. The two most destructive superpowers in the world literally have come to a reckoning of will. In the fallout of their cataclysmic conflict, their former families the Renegades and the Harbinger Foundation will lie in shards around them. What will stop these men either of them from reducing the world to ashes? The Renegades thought they could get their old lives back. They thought they could bring down Toyo Harada and the Harbinger Foundation. They were wrong! And now their loved ones will pay the price...and their once-secret conflict will change the world as we know it! Featuring artwork by Clayton Henry (Incredible Hercules), Barry Kitson (Amazing Spider-Man), Rafa Sandoval (Ultimate Hawkeye), and more alongside 20+ pages of rarely seen bonus materials and special features the Harbinger Deluxe Edition Volume 2 represents the entirety of the climatic final act of Harbingers acclaimed first series for the first time anywhere in a prestige-sized hardcover format. Collecting Harbinger #15-25, Harbinger: Omegas #1-3, and Harbinger: Bleeding Monk #0.
