Can Paul Dini do anything wrong?!By SaraHarley and Ivy was a low print 3-issue series created by Paul Dini in the 90's around the same time as Batman: The Animated Series. It quickly went out of print, and had been really hard to find, as there was no current printing collected for quite a while. Finally it is back in a breathtaking hardcover with extra features! I love everything Paul Dini does, and this is some of

his best work. It collects issues 1-3 (Complete Run) of Harley and Ivy, plus several bonus stories. I am so happy it is finally in print again. I highly recommend this to anyone, especially fans of Batman: The Animated Series. Paul Dini is a gem in the history of DC writers, and this collection finely represents everything that is great about Harley Quinn and Poison Ivy. 0 of 0 people found the following review helpful. awesome surprise.
