By Laura
None of the story lines felt that cohesive to me. I did like Amanda, but this wasn't my favorite interpretation of Harley. I also just felt like the writing was a bit disjointed at times and it was hard to get

immersed in the story.2 of 2 people found the following review helpful. Harley is awesomeBy CustomerAwesome.
Love this book

In a new direction for the series, Harley attempts to juggle being a full-time psychiatrist with her own criminal activities. But the unbalanced people she has to treat are keeping her very busy - and she's wanted for the murder of a police officer. Then, Harley gains powers beyond those of normal humans thanks to Poison Ivy's experiments. But every gift has its price, and now Harley faces the consequences. Plus, Harley signs on for a mercenary gig to hunt down a guy on the lam and retrieve an unnamed object of limitless value for him.Collects HARLEY QUINN #26-38.
