Cullen Bunn : Harrow County Volume 2: Twice Told before purchasing it in order to gage whether or not it would be worth my time, and all praised Harrow County Volume 2: Twice Told:

3 of 3 people found the following review helpful. Another Beautiful Installation In the Wonderful Gothic Horror Series Harrow CountyBy CustomerBeautiful sequel to the gothic horror masterpiece, Harrow County. Tyler Crook's art in this series is phenomenal. He does all the pencils, inks, scans, letters, borders, covers, and hand colors every panel with water color. For any artist in comics today to do all of this himself is remarkable. What is even more

remarkable is the quality of the art. Water color can create lighting effects, unique auras, and intense moods, making it perfect for the gothic and naturalistic horror that is portrayed in this series. The storyline expands on its unique spin on the classic young witch tale. Has it been done many time? Yes, but never like this. Harrow County does not just rely on gore or shock value to catch the readers attention, which makes it appeal to a much wider audience than most horror comics today which commonly appeal to the grotesque. Bottom line, Harrow County is one of the best horror series on the shelves today and if you talk to anyone familiar with the series, horror, or comic fan, I am sure they would agree. 2 of 2 people found the following review helpful. LOVE the HC books By C. Louis Wolfe LOVE the HC books.....well written, creepy n atmospheric-lovely art. Highly recommended for those that appreciate something a bit different in their comics...fans of slow burn creepy horror should be delighted. Look forward to what comes next...gonna stick w/it for the foreseeable future. I believe it's being developed as a cable series. 0 of 0 people found the following review helpful. Great horror graphic novel! By S. Younger Simply an amazing graphic novel for horror fans!

After uncovering Harrow County's twisted history and her bizarre connection to the populace, Emmy forges a new and profound connection to the land and its monsters--but a familiar and sinister presence lurks just over the county lines... Collects issues #5-#8 of Harrow County. "Harrow County is that landscape painting that hangs above your country kitchen table brought to life and infused with palpable evil by way of the devil himself. Bunn and Crook are co-conspirators in a genuinely frightening conspiracy of lies and nightmares that belies the inviting, alluvial visuals immediately apparent. Its a rare feat to be able to convey real dread and yes, horror in this medium, but Harrow Country absolutely relishes in causing you cryptic unease as you find yourself unable to look away. Without a doubt, pick this up and prepare yourself to listen to the silence give way to the flutter of crows wings give way to the crackle of dried leaves underfoot give way to the unending whispers." -All-Comic

About the Author Cullen Bunn is an American writer of comic books, short stories and novelist, known for his work on comic books such as Deadpool Kills the Marvel Universe for Marvel Comics, and The Damned and The Sixth Gun for Oni Press.
