Bestest Ghost Ever Gets His DueBy thirdtwinHe's the friendliest ghost you know- so buy this already so he can finally get some money for entertaining you- he has expenses you know!If you don't care about that you might enjoy this because the stories are simpler and more gentle and always turn out well- coz he's em- friendly- unlike a lot of the other books we see. You should be aware that this volume is superior to any like it on the market. By Voice of Reason Concern I have already seen the book and ordered it when I became aware that it was available here. You should be aware that this volume is superior to any like it on the market. It is comprehensive in tone and beautiful and crisp in presentation. It provides a new look at an old spirit who has delighted children and eternal children for generations. I have long said that the simple ethic of the tale, that continues to warm the heart, also instructs the child and the child in all of us, but never in a preachy or saccharine way. This is a book to be shared with your children and grandchildren. If I could give it ten stars, I would. 0 of 0 people found the following review helpful. Haunting Vintage Humor By Jack Keely Long time fans of Casper the Friendly Ghost will be delighted by this thick volume of his classic adventures carefully reproduced in a mix of color and black white. The book features reproductions of vintage comic book covers. The historical information about Casper's early career in movies, and his transition to comic books is interesting. The selected stories span the years 1949 to 1966. New readers who like lighthearted looks at the supernatural will enjoy these charming stories of ghosts, witches, and other fantastic characters.

It's amazing how many comics fans who grew up admiring Spider-Man, Batman and Nick Fury still retain warm places in our hearts for Casper the Friendly Ghost. Now Dark Horse is delighted to participate in the revival of Casper who remains among the most beloved of cartoon and comic book icons. Casper the Friendly Ghost made his first appearance as a star of Paramount's Famous Cartoons in 1947 and entered the comics in 1949. But after five issues, publisher St. John's gave up the title. That's when Harvey Comics stepped in, and where this book begins. Harvey breathed life into Casper, and from the very first issue, the cover designs, stories and artwork - drawn by the same animators who worked on the cartoons - were a cut above.
