Shiori Asahina : Hatsune Miku: Acute before purchasing it in order to gage whether or not it would be worth my time, and all praised Hatsune Miku: Acute:

0 of 0 people found the following review helpful. MottoBy kevin clydeI love this(spoilers) the ending was so heart-wrenching. who would have thought a book based on a single Hatsune Miku song would make me feel this way I recommend anyone that loves Hatsune Miku to buy this. You get to see a different side of Miku The More Human Side. Where she feels less like a digital Diva and more like a human person.0 of 0 people found the following review helpful. amazing story, but you see a whole new side ...By MadelineJust wow, if your a miku fan this is a must have manga book, such detail, amazing story, but you see a whole new side of miku. I love rereading it. Every time it seems

to amaze me.2 of 2 people found the following review helpful. PerfectionBy Namjoons DimplesI bought this at Barnes and Noble, not on , but it is a great book! A must have for every Vocaloid fan.

Acute, like the three angles of a triangle. Acute, as in its three sharp points. Acute is the tragic relationship between three Vocaloids: Miku, Kaito, and Luka! Once they were all friends making songs--but while Kaito might make a duet with Miku, or a duet with Luka, a love song all three of them sing together can only end in sorrow! Based on the song with over 4.4 million combined views on YouTube and NicoNico. Hatsune Miku is an international pop phenomenon! Like the Hatsune Miku titles Mikubon and Rin-Chan Now!, Acute is based on a famous Vocaloid music video. A drama rather than a comedy, Acute is a different side of Hatsune Miku. Four pages in full color.
