Addicting Story Continues with WhimsyBy Christina G.When I first saw the Hatter M books, I was reluctant to read them because the art did not really appeal to me all that well. The style was just not my "cup of tea." However, once I began reading, that all faded into the background and I couldn't get enough of Hatter's journey. This 4th installment takes a little different turn, in that he doesn't engage in as much confrontation; there isn't as much fighting as in the first 2 volumes. Yet, the humor and whimsy, not what you'd expect on a spiritual zen journey, add a new dimension to his character. The "Hatter M Institute" sub story fades into the

background as well. If you've read the Wonderland Wars series, then you know where this sequence will eventually end, but it's well worth the read to fill in the gaps within the first book.0 of 0 people found the following review helpful. Don't know if I will read I didn't realize it ...By Russell NormanDon't know if I will read I didn't realize it was a graphic Novak or I wouldn't have bought it. Royal Bodyguard Hatter Madigans search takes an unexpected detour when he travels within guided by a mischievous and often maddening young girl named Nekko. Nekkos origin is a Zen mystery, but her devotion to Hatters quest to find the lost Princess is unwavering. After Nekko kidnaps his Hat and leads him on a fearless chase across the rooftops of 1871 San Francisco, Hatter must acknowledge her as a teacher. It is written that when you are ready the teacher will appear, but if the teacher is a 12-year-old girl and you are a High Ranking Bladesman you may discover that all you can do is laugh.Hatter and Nekkos adventure around the ring of fire begins when they track a stolen samurai sword with a Wonderland connection to San Franciscos styling 19th century hiphop crime madam Missy Tong and her eager protg, the outspoken Lil Dick. A stowaway trip aboard a shanghai sailing ship ends on the Hawaiian Islands where a surfboard becomes Hatters vehicle to illumination. And then on to Japan! Good grief its Chikao and the gang, schoolhouse demons, cosplay, manga, noodles and a long lost brother from another world. Duality? No. Milliners.
