**Robert Kirkman : Haunt Volume 1** before purchasing it in order to gage whether or not it would be worth my time, and all praised Haunt Volume 1:

2 of 2 people found the following review helpful. HAUNT: Not bad, but not mind-blowing either...By Harold HoltThis reprint of the first five (or was it six?) issues of Kirkman McFarlane's HAUNT was OKAY to read. There were some interesting moments, and it certainly was not the worst comic/ graphic novel I've ever read. However, it didn't exactly set my mind on fire either.Robert Kirkman is one of the comic industry's hottest writers right now, and

it's easy to feel that he has the midas touch when it comes to comics. But HAUNT simply reminded me of too many heroes that already exist (Spiderman, Spawn, Venom, Ghost Rider). The writing and characterization are ok, but a little more originality would have been nice. This volume was adequate reading, but so far, it hasn't driven me to pick up any successive volumes. If you like McFarlane's Spiderman or Spawn, you might like Haunt... Then again, you might just think of Haunt as quick-buck ripoff of those two characters. Probably only a must-have for die-hard McFarlane fans.0 of 0 people found the following review helpful. Happy with this purchase.By MovieLover0505Happy with this purchase.0 of 0 people found the following review helpful. a good startBy SlimerI have been expanding my comic book collection over the last year. I am newer to the industry. I own all of the walking dead and Invincible collections, and have read them multiple times. I figured that because of my love of those series, I would see what else Image comics and Kirkman had to offer.Enter Haunt.Haunt is a fun read. I thought they did a good enough job getting me into the story and introducing the character. It does feel like I am looking at a superhero that has been introduced to me before in the form of spiderman or spawn, but not enough to make me stop reading.All in all it was good enough, and I think I will continue to read Haunt, but there are better stories and superheroes out there.

Robert Kirkman and Todd McFarlane present Haunt! Based around two brothers, one a less-than-perfect priest, the other a government agent, the men struggle to get along, rarely agreeing on anything. An unexpected accident forces them to work together in ways they never thought possible. Struggling with his own personal demons, the priest begrudgingly works alongside the spirit of his recently deceased brother, who possesses him. Together, the brothers form a new superhero, Haunt. Featuring the artistic team of Ryan Ottley, Greg Capullo, and Todd McFarlane, with story by Robert Kirkman. Collects Haunt issues #1-5.
