Robert Kirkman : Haunt Volume 2 before purchasing it in order to gage whether or not it would be worth my time, and all praised Haunt Volume 2:

1 of 1 people found the following review helpful. MehBy The Unemployed PhilosopherThis is not a good book. I expected more from the Haunt character after volume 1, but this falls flat quickly. There is no hook, you do not really care about the character, and the plot is weak. It is good for a quick read to waste time, but it is nowhere close to a

high quality comic. Get it if it is on sale, and do not pay full price for it. 0 of 0 people found the following review helpful. **Haunt** takes it up a notch. **By Chongo** In this second volume of **Haunt** the story definitely progresses the further adventures of two brothers with a very unusual situation. Another serious positive factor is the dynamite artwork that pushes these six issues to their utmost capacity with plenty of goons, mad scientists, assassins, violence, gore. While **Haunt** is pretty much an amalgam of established antihero archetypes it's still a fun read that keeps you interested in this nefarious warped new world from the minds of Todd Mcfarlane, Robert Kirkman Greg Capullo. My only real complaint is there are no extras like a foreword or a sketchbook section but other than that the price here on is unbeatable. 0 of 0 people found the following review helpful. **Haunt** **By Michael Jones** the story here is pretty well written sometimes kirkman gets a little long winded but the art is pretty good im a fan so i will stick with it just wish Mcfarlane would do an ish at pencils.

Due to his unique ability to bond with Kurt's ghost, priest Daniel Kilgore joins forces with the undercover agency, and tries to get used to his new life of murder and espionage. Featuring original **Haunt** layout artist and master storyteller Greg Capullo stepping up to full-time penciling duties, this volume collects **Haunt** issues #6-12, and includes a special stand-alone issue, **Haunt** #6, told from Mirage's perspective.
