Joe Casey : Haunt Volume 4 before purchasing it in order to gage whether or not it would be worth my time, and all praised Haunt Volume 4:

5 of 5 people found the following review helpful. What a shame.By DRE 0452This title has gone south. The new writer has basically disregarded everything that has gone on in the story thus far and has come up with an uninteresting rehash of various themes we've seen over and over again. I feel nothing for the characters anymore. Daniel has gone

back to being a clueless wimp and his brother Kurt has turned into a annoying jerk. The art in the book is a jumble of ruff lines and color making it vary hard to see whats going in the panels. The artist is unable to capture the movement of the Haunts body as previous artists did. It's truly a shame this title has changed so much, I did enjoy it until now. I hope Kirkman comes back and cleans things up. 2 of 2 people found the following review helpful. Don't waste your money
By Jacob Blakeley
What and why? The artwork looks like a cheesy 90's cartoon and the story telling has hit rock bottom. Don't waste your money on this book. The characters aren't remotely recognizable. I barely read the first two issues in this volume and immediately knew this was a load of crap! This series needs Kirkman and McFarlane back ASAP!
0 of 0 people found the following review helpful. Terrible change
By T. Hodges
The change in story line is awful. The characters and story were interesting before, but the new art and new story line are really, really bad.

In a bold new direction, writer Joe Casey and artist Nathan Fox flip the Haunt series on its head. Still figuring out their newfound ability, brothers Daniel and Kurt Kilgore start experiencing the dark side of their powers and no one is safe!
