Ivan Brunetti : Haw! before purchasing it in order to gage whether or not it would be worth my time, and all praised Haw!:

Hilariously awesomely sweatyBy mr. brown shoesIf you like Ivan Brunetti you will love this book, it is hilarious. It sat on the back of my toilet for years.If you're an upset or disgruntled person it will make this even better.5 of 6 people found the following review helpful. Not for the faint of heart....By Daniel V. ReillyThe sub-title of HAW!! is "Horrible, Horrible Cartoons.", which pretty much serves to warn away the easily offended. Brunetti serves up 90-some odd (Very odd...) 1 page gag strips that read like "The Far Side" on crack. No topic is taboo, but if you're open minded, and looking for a LOT of laughs at everyone else's expense, HAW!! should fit the bill. Fans of Lenny Bruce, Bill Hicks, Sam Kinison, Richard

Pryor, et al, will find Brunetti's subversive humor to be a perfect counter-point to the misplaced political correctness of the day. I can't rave about this book enough.

"[Brunetti is] a darkly funny, uncompromisingly nihilistic cartoonist." - The Chicago Reader "So caustic its impossible to ignore. Brunetti is amazingly ambitious, both in his misanthropy and his literacy." - Spin Haw! is the first book by the notorious Ivan Brunetti, creator of the cult-favorite comic book series, Schizo, likely the most riotously misanthropic and self-loathing comic book ever published. Haw! contains 96 pages of blackly humorous gag cartoons, which Brunetti describes as "each one less morally excusable than the next." Trust us, this is no Dilbert or Far Side. Also included are several four panel-strips and a page of "Party Jokes" that are sure to make even the dullest wit the life of the party. Fashioned after the once-ubiquitous digest-sized cartoon men's mags from the 1950s, Haw! is sure to be a popular conversation item and party favorite for years to come.
