**B. Clay Moore : Hawaiian Dick Volume 2: The Last Resort (v. 2)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Hawaiian Dick Volume 2: The Last Resort (v. 2):

0 of 0 people found the following review helpful. highly entertaining if not a bit fragmented and short.By your momhighly entertaining if not a bit fragmented and short. A third of the book is his "process" which was interesting but I'd rather have another storyline1 of 1 people found the following review helpful. Good Follow Up, not as good as the first, thirsty for more!By Cletus P. JacksonAs someone from Hawaii and who enjoys the combination of crime noir

and the supernatural qualities of the island and its culture, this series is quite enjoyable as it melds the two together, and it works into a very simple story for volume 2. However, it felt quite short (much like an 85 minute movie would) after all was said and done, and didnt quite explain the supernatural elements that occurred within it. (I'll need to read it again to see if I missed it) The first volume did provide some exposition on the Night Marchers on the island, but the events happening here felt almost out of place. (That is, in tune with Hawaiian lore). Nonetheless, I look forward to seeing a volume 3 soon and enjoy the fun and times of a developing island culture wrapped in mystery. The best part is that the authors have a lot of material to work from!

The Eisner-nominated series collected at last! In the second Hawaiian Dick collection, it's gangsters, guns and ghosts as Byrd is caught between warring gangs in a beautiful Hawaiian bay turned red with blood.
