At my externship I saw the ones they were using by another brand I think I preferred the layout better in the other book. It does work though, just a matter of preference.1 of 1 people found the following review helpful. I got what I order!By Jeannie RiceThank you for getting the first order for the hcpcs right it was the only book out of the 3 I requested the first time that was correct, I paid out over \$400.00 dollars in errors and got back a gift total \$81.00 dollars minus the return shipment. please improve your service and pay attention to the customer request!0 of 0 people found the following review helpful. Five StarsBy Doctor Disney FanVery very helpful, as these

are often updated without warning.

American Dental Association's CDT dental codes allows access to all codes in one codebook Companion Web site offers access to the latest updates, special reports and authoritative information support to ensure optimal reimbursement Full-color table of drugs with drug code annotations gives you a handy reference to both brand and generic drug names Color photographs and illustrations enhance your ability to recognize medical equipment as it relates to codes Apple-flap spine makes shelving recognition and bookmark capabilities easier

About the Author Carol J. Buck has a Master's degree in Education, as well as CPC-I, CCS-P, CPC, and CPC-H national certifications. For 20 years she served as the Program Director of the Medical Secretarial programs at the Northwest Technical College in Minnesota. She developed diploma and associate programs in medical coding. Now retired, Carol spends her time writing texts related to medical coding, certification, specialisation, and reference manuals, which are known as the Step Series.
