**Kelly Thompson : Heart in a Box** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Heart in a Box:

0 of 0 people found the following review helpful. A wonderful, challenging piece of art. By Xyon McKell Suffering a broken heart, Emma wishes it away. Quickly aware of what a bad choice she made, she takes the one opportunity he has to get it back from those it was redistributed to piece by piece. I went into this comic knowing nothing about it, and I recommend staying as close to that as possible. The back cover text gives away too much in my opinion, so I'd avoid it (and website descriptions of the book, etc) if at all possible. I picked this up because of the intriguing cover and being

previously familiar with Meredith McClarens amazing art. Her self written comic Hinges is a joy. Her style and versatility is a perfect match for Kelly Thompsons desperate tale of adult heartbreak, emptiness, and growth. There are parts I wish were fleshed out a little more and a couple of lingering questions, but overall Emmas journey is wondrous, intense, and thought provoking. All beautifully brought to life by Thompson and McClaren. I wont go further to avoid spoiling anything, but I highly recommend Heart in a Box. 0 of 0 people found the following review helpful. Following this author of Jem fame! By MedeaGGDA as an enthusiastic fan of the new Jem The Holograms comic, I \*had\* to check out more work done by the author, Kelly Thompson, to see what other gems she had created. I was not disappointed! A truly heart-wrenching story that makes for a good read and well worth it. 1 of 1 people found the following review helpful. Five Stars By someguy A really amazing story, definitely worth a read, even if you don't normally like GN's.

When the Man with No Name breaks Emma's heart, she wants to die. But you never die from these things; you just want to. In a moment of weakness, she wishes her broken heart away and a mysterious stranger--who may or may not be totally evil--obliges. But emptiness is even worse than grief, and Emma sets out to collect the seven pieces of her heart spread across the country, a journey that forces her to face her own history and the cost of recapturing it, and leads inevitably to a confrontation with the Man with No Name himself! Reviews: Heart in a Box serves up a complete story of heartbreak, recovery and the effects those have on the world. Like the butterfly wings of the chaos theory, one person's acts -- random, violent, kind, insincere or hearty -- impact others and multiply in ways and directions that frequently defy description." - Comic Book Resources (CBR) "This book is magical. It reminds me of so many stories and yet manages to be wholly original. Be good to your heart and grab this comic with both hands." - Big Comic Page "A slice of life story with magical realism, Heart in a Box is smart storytelling, but its also just so very raw. Like real raw." - Women Write About Comics "With Heart In A Box, Thompson McClaren pull off the kind of smart story telling and allegory that transcends the genre and medium with a comic that almost anybody could enjoy... Heart In a Box in one of the best comics of 2015 which feels like nothing else in the medium, but is still warm and familiar. It has a casual complexity that is as inviting as it is engaging and emotionally affecting." - Nothing But Comics "Its brilliant so far, its one of the two or three best comics Ive read this year." - Comics Should Be Good

About the Author Kelly Thompson has a degree in Sequential Art from The Savannah College of Art Design and writes comic books and novels for a living. She lives in Portland, Oregon.
