Mike Mignola : Hellboy, Vol. 3: The Chained Coffin and Others before purchasing it in order to gage whether or not it would be worth my time, and all praised Hellboy, Vol. 3: The Chained Coffin and Others:

I'd call it PG-13 for thematic and action (a little gory), but there's no nudity or anything lewd until the last couple pictures in the book, which are separate, and it's not super bad (partial nudity/suggestive). There are some great deep themes, some of which I probably haven't fully grasped.0 of

Strong read.By nirvanaaqnEach of the Hellboy collections is great. This is more of an "Odds and Sods" type collection--it has some origins stuff, shorter stories. Really good. The art isn't as good as Wake the Devil or Seeds of Destruction (it predates both) but it also has Mignola explaining where he was creatively while plotting through the tales.

Dark Horse presents new editions of the entire Hellboy line with new covers, beginning with Seed of Destruction, the basis of director Guillermo del Toro's upcoming film. Hellboy is one of the most celebrated comics series in recent years. The ultimate artists' artist and a great storyteller whose work is in turns haunting, hilarious, and spellbinding. Mike Mignola has won numerous awards in the comics industry and beyond. When strangeness threatens to engulf the world, a strange man will come to save it. Sent to investigate a mystery with supernatural overtones, Hellboy discovers the secrets of his own origins, and his link to the Nazi occultists who promised Hitler a final solution in the form of a demonic avatar."Hellboy restores my faith in the joy of comic books."Clive Barker
