High School Debut (Kou Kou Debut in the original) features a different kind of heroine that you'll root for throughout the entire series. The art style is attractive and keeps you visually entertained throughout. The 3-in-1 format is both economical but looks appealing on my bookcase along other manga.1 of 1 people found the following

Haruna, loves to read her comics, and thinks that every girl is suppose to suddenly have a boyfriend when they enter high school; however, Haruna is doing it all wrong!Dressed in unflattering outfits she tries her hardest to get hit on while out and about, only to go home defeated. While walking she falls, and like Cinderella loses her shoe. Enter Yoh; a popular high school student who hands her, her shoe.This is one of the best series I've picked up in a while. It's almost as good as Love\*Com. Be prepared to laugh out loud at the efforts poor Haruna makes in order to get a boyfriend.0 of 0 people found the following review helpful. Loved it!By AkiraI really enjoy this series. The characters are just so fun to read about. Besides, I'm kind of glad the main character isn't like most heroines in this genre. This took a while to get here, but was still worth it!.

Hapless Haruna needs help finding a boyfriend! After failing to win the eye of any guy in high school, Haruna enlists the help of cute upperclassman Yoh to coach her on how to make herself more appealing to the male species. Yoh agrees, with one catch: Haruna had better not fall for him! With Yoh's help, Haruna starts to discover all sorts of thingshow to dress better, what guys to avoid, and what it feels like to fall in love for the first time. Haruna's foray into love has its ups and downs, but nothing's going to prepare her for when she actually lands herself a boyfriend!

From School Library JournalGrade 7 UpHaruno, a star softball player in middle school, decides to put the same determination and effort she once put into athletics into finding a boyfriend in high school. In order to do this, she pesters Yoh, an attractive older boy, until he agrees to act as her love coach. Haruno eagerly takes in his advice but she persists in reading teen magazines in the hopes of charting a faster path to love. Yoh grows frustrated with her faith in the magic of fashion magazines and her refusal to give up her athletic clothing. Kawahara uses a pen-and-ink style similar to that in Yoko Kamio's *Boys over Flowers* (VIZ Media). Lightly peppered with the message that girls shouldn't have to change themselves in order to please a man, *High School Debut* is standard fare for younger manga readers. With a clean plot and only the stereotypical female temper tantrum for added drama, it's a good purchase for schools and libraries.Sarah Krygier, Solano County Library, Fairfield, CA Copyright Reed Business Information, a division of Reed Elsevier Inc.
