**Suzuki Tanaka : His Favorite, Vol. 5** before purchasing it in order to gage whether or not it would be worth my time, and all praised His Favorite, Vol. 5:

1 of 1 people found the following review helpful. Not the best volume so far, but still enjoyable. By Customer I really love this series so far, and I liked this volume, but I don't think it's as good as the other four. The events that take place in this volume are generally even sillier than usual, although not necessarily as funny as some of the scenes in other volumes (for example, the haunted house and the drawing contest). There is, however, a small development in Sato and Yoshida's relationship--it's hinted that they might take their physical relationship to the next level soon. I was disappointed that we didn't see Torachin and Yamanaka in this volume, so I hope they'll be in the next one. As far as

other supporting characters, the Nozawa twins were in this one, and I like seeing them. (I like how they stand out from the other students.) If you're really enjoying the series, you'll probably enjoy this one. I do enjoy every exchange between the main characters, so I was happy with it, but I hope the next one picks up a bit (and includes Torachin and Yamanaka). 0 of 0 people found the following review helpful. Love this series but I feel like there are pages missing from my copy. By Palafox I began reading the series and decided to buy my copy so I can see what happens next. I do plan to buy all the volumes because it is a GREAT series about two guys, one being really handsome and the other being "unattractive". My only issue is that the copy I received are missing about 30 pages. Not sure if anyone else have the same issue. It goes from page 42 to 75 for some reason. Did I get a misprint? I don't mind purchasing it again just as long as I get to continue the story! Highly recommend it! 0 of 0 people found the following review helpful. Funny, strange and sometimes sweet. By Martha I wasn't sure what to expect when I got the first book in this series but I really loved both the story and the art once I got into it. I liked the characters, even the ones with the rather iffy personalities. No cute uke here just a rather goofy looking guy surprised by the love of his rather sadistic seme. The story is moving a bit slowly but I like the way the characters are developing.

One hot guy, one funny-looking guy, one hilarious couple! Awkward Yoshida's life got flipped upside down when the hottest guy in school started hanging around him. Sato may have strong feelings for Yoshida, but the girls in school just can't take a hint. What crazy antics will they use to try and woo Sato this time?! Reads R to L (Japanese Style) for teen plus audiences.

About the Author Known for her engaging stories and dynamic art style, Suzuki Tanaka has garnered plenty of attention for her latest hit, His Favorite. After taking first place in the 2009 boys love watch list book Kono BL ga Yabai! 2009, the series exploded in popularity and led to the reprint of her earlier work, Menkui.
