Miko Mitsuki : Honey Blood: Tale Zero before purchasing it in order to gauge whether or not it would be worth my time, and all praised Honey Blood: Tale Zero:

0 of 0 people found the following review helpful. Five StarsBy CustomerGreat book0 of 0 people found the following review helpful. Five StarsBy Karen L. Davisfun manga!2 of 2 people found the following review helpful. Set of short side storiesBy TalviHoney Blood collects the original short story, two side stories, and then two non-related one shots. From the author's comments, these stories were the basis of the 2-Volume Honey Blood story and were not intended to further explain or expound upon the abruptly ended series. They are more like throwaway chapters that could have

gone into volumes 1 or 2. The two extra non-related stand alone stories are, unfortunately, just as forgettable. The first one shot is an overview of the Honey Blood story - it is like a summary episode in the middle of a tv series where they show clips from the previous episodes. I believe this is the original Honey Blood story, written many years previous and early in Mitsuki's career. The second one shot is about Hinata going on a date with Junya and showing him off to her friends. The third One Shot has Junya become possessive and jealous when an actor playing the part in one of the movies made from his book hits on Hinata. He hopes to seduce her with his movie star good looks and get her to influence Junya to look more favorably on him. Junya is not amused. The fourth one shot is a stand alone with the improbably story of a handsome school boy who likes makeup and says he is in love with a plain tomboy and wants to fix her up. The last story is a tragedy about a boy and girl who miscommunication their feelings and don't resolve it until it is too late. For me, nearly all the stories lack strong storytelling skills. The depth and breadth of emotions never seem to be conveyed and so the stories come off as pat or cliché. Even the tragedy was abrupt and hardly moving. If you absolutely loved Honey Blood, I could see getting this book. But otherwise, this felt weakest in the series.
Reviewed from an ARC

When a girl at her school is attacked by what seems to be a vampire, high school student Hinata Sorazono refuses to believe that vampires even exist. But then she meets her new neighbor, Junya Tokinaga, the author of an incredibly popular vampire romance novel. Could it be that Junyas actually a vampire and worse yet, the culprit?! Honey Blood Tale 0 is where Hinata and Junyas love story originally began. In addition to the one-shot chapters that made Honey Bloods serialization possible, this volume contains two bonus short stories from the author!

About the Author Born on October 10, Miko Mitsuki debuted with Utakata in 2003. She is currently working on projects for Sho-Comi magazine. Mitsuki is from Kagoshima Prefecture in Japan, and her blood type is O. She loves cats the most but loves dogs as well.
