Miko Mitsuki : Honey Blood, Vol. 1 before purchasing it in order to gage whether or not it would be worth my time, and all praised Honey Blood, Vol. 1:

2 of 2 people found the following review helpful. Unresolved, but interesting.By Tim or KastieAs others have noted, the story abruptly ends without resolution. At the very least, you learn the origin of the love story and possible complications, which allows you to draw your own conclusions about what's happening. Even with that, though, a lot of holes exist. It's sad that this series couldn't have been more developed - it did have promise and the art is decent. If

you can't overlook an underdeveloped and unresolved plot, skip the series. If you can take the love story at face value or if you enjoy making up your own ending, then pick it up. With the limited information given, it's entirely possible to come up with a satisfying ending in your head - especially since it seems to be developing in a stereotypical way. But it is frustrating to know that the author had it planned out and knows how it ends, but doesn't share that in the closing pages. To me, personally, I enjoyed it and could see where the author ultimately wanted to go. I think it would have been something along the lines of Black Bird, but with vampires instead of demons, if that helps at all. (Black Bird is a very good series, btw - not without some issues, especially in the beginning, but that evens out into a well-developed and touching story.)

1 of 1 people found the following review helpful. Honey Blood not so sweet
By Iesha Clanton
I purchased this on a whim, not knowing anything about the authors work, but suggested I read this. However, I feel its average at best. The pacing was excelerated, but then I found out the story was a one shot so I guess that explains the pacing. I dont know, I feel the genre has been done better in other titles. Black Bird comes to mind.I thoroughly enjoyed the artwork and would be willing to give the author another try in a different series, but Honey Blood left me wanting more substence.

By Kindle Customer
I'm very particular when it comes to manga. Especially concerning vampires. The synopsis doesn't do this story justice at all. I will definitely continue this series.The artwork is beautiful and the story is deep and full of true emotions. I love the fact that the main character isn't the typical scatter brained, clumsy, and peppy girl. She's a realist but also courageous. I can relate to her a lot.Our vampire. Oh I love a tragic hero and I will stop there for now. I adore him even though he is far from my normal type. His story is very touching.

When a girl at her school is attacked by what seems to be a vampire, high school student Hinata Sorazono refuses to believe that vampires even exist. But then she meets her new neighbor, Junya Tokinaga, the author of an incredibly popular vampire romance novel Could it be that Junyas actually a vampireand worse yet, the culprit?! When a girl at Hinata Sorazonos school is attacked by what seems to be a bloodsucking vampire, everyone is on edge and wonders whos next. Hinata refuses to believe that vampires even exist, but then she meets her new neighbor, Junya Tokinaga, the author of an incredibly popular vampire romance novel. Dressed in a kimono with an old-world air about him, Junya has a taste of Hinatas blood and tells her its sweet... Hinata cant help but be drawn to Junya, but could it be that hes actually a vampireand worse yet, the culprit behind the attacks?!

From School Library Journal
Gr 9 Up
Hinata Sorazono is one of the only girls around who isn't fascinated by vampire stories. But then several vampire-related things happen at the same time that begin to change her mind. Numerous local girls are attacked and suffer an alarming amount of blood loss, and Hinata's new neighbor, Junya, turns out to be the author of an extremely popular vampire romance novel. Junya's behavior towards Hinata should set off numerous alarm bells even without the "is he or isn't he really a vampire?" element, but the romantic tensions between them grow just the same. The story manages to be sexy and chaste at the same time
Hinata and Junya spend a lot of time sharing deep meaningful looks and holding each other close, but the biggest debate is over whether or not they should kiss. Mitsuki's art reflects this strange balance; the front cover image is of Hinata and Junya embracing while wearing traditional kimonos, but the image featured on the back cover is of Hinata draped across Junya's lap in a highly suggestive way. Most of the characters' chemistry is reflected in their shining eyes and stylishly tousled hair, but as their relationship intensifies the imagery expands to include spilled and spattered blood, as well. This story is romantic, dramatic, and simply fun.
