**Norikazu Akira : Honey Darling (Yaoi Manga)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Honey Darling (Yaoi Manga):

0 of 0 people found the following review helpful. Endearing And Adorable By Jessalynn Brown First of all, this is about a cat. A poor, abandoned kitten who is one day picked up by an apathetic young man. Subsequently, the cat finds a new home for them both with a bear of a vet, and then all that's left is for her two "parents" to realize they're in love. The artwork is very good, with masculine features for both main characters, and the cat is cute as can be. All that I would mention is that there is not nearly enough of the furry troublemaker! Aside from that, it has a funny storyline about a vet who adopts both the cute little kitten and her owner, a rather big kitty himself. 18 of 19 people found the

following review helpful. Love it but...By JLAWThis is a very cute manga and I'm so pleased to be able to purchase it in english. SuBLime's edition is nice, it's great to have the original color page and little asides from the author translated. A couple of quibbles: I'm not crazy about the font used; it's intrusively stylistic, especially the question marks, and -- an issue that no American manga publisher seems to take seriously -- honorifics are dropped or replaced by inadequate english "equivalents." Why can't publishers grasp that with Japan's strong international cultural influence, pretty much the entire universe knows what "sensei," "-chan," "-san," etc. means? If there are two people left who don't, let them google it. The best part of this manga is AKIRA Norikazu's artwork. Even her animals are a delightful blend of style and anatomy, but her men are absolutely gorgeous. IMO she ranks up there with NITTA Youka and YAMANE Ayano at drawing beautiful, yet unmistakably masculine faces and bodies. That's why it's such a shame that in this manga's single, climactic love scene, the characters are literally emasculated by censoring. Everything is whited out. (Although there is an extra where a little something sneaks in, key word: little). I find this level of mutilation of artwork anywhere deeply distressing, but it just really makes me sad to see it happen to these sweet characters. While I understand that this is not the American publisher's doing, but the result of idiotic new censorship laws in Japan, it seems some method should exist to restore the creator's original, uncensored content to to the American edition of the work, since it is sold with the "explicit content" warning label. I'm glad that sensei's other work available in english, Beast Feast, came out before the new censorship went into effect. I don't at all regret buying Honey Darling, but I like my beautiful men to be beautifully complete0 of 0 people found the following review helpful. Lowsy . . .By Pamela W. Anderson.They are just yummy aren't they?! Bless them.Seriously, Norikazu-Sensei's work is well drawn, fun to read, and anyways makes you wish there were more chapters. Both seme and uke are likable, and make you root for them.I'm so happy is bringing more manga to kindle. I can't wait for more.

Love in a vet clinic!Reads R to L (Japanese Style) for mature audiences. Chihiro drifts through life with no purpose, going from girl to girl, until one day he finds an abandoned kitten in a box. He quickly falls in love with little Shiro and couldnt imagine his life without her. One evening, Chihiro finds Shiro has fallen ill. While searching aimlessly for an animal hospital, he runs into Kumazawa, a local vet who takes Shiro into his care. Watching Kumazawa in action, Chihiro realizes he wishes to learn the value of life and asks Kumazawa to consider hiring him at the vet clinic. Kumazawa agrees, but only if Chihiro serves as his live-in housekeeper. Has Chihiro finally found his purpose in life, or will living with the handsome vet be a little too much to handle?

About the AuthorNorikazu Akira is the creator of Twins Labyrinth, Heart Strings and Beast Feast. A resident of Tokyo, shes an Aries with an AB blood type, and is the sister of mangaka Homerun Ken.
