**From Brand: Fantagraphics : Hotwire Comics #3** before purchasing it in order to gage whether or not it would be worth my time, and all praised Hotwire Comics #3:

The new volume of the Harvey and Eisner nominated series Hotwire Comicthe kartoon anthology that kills all kompetitors is back for a third monster issue!! The Harvey- and Eisner-nominated anthology of action, thrills, chills and trangression is back with a third volume! Anything goes in Hotwire, eschewing literary high-mindedness for a pure, gut-wrenching viscerality that you can tune in and rest your brain on after a long day.Hotwire the third leaps off the page from the get-go with David Sandlins Infernal Combustion, about boozing it up in a broke-down caddy, and Tim Lanes bit of freight-hopping grit, Spike. Underground comics legend Mary Fleener returns with The Judge, a true

tale about her own life fending off thugs with a .38! Meanwhile, Hotwire Captain Glenn Head spins the biography of German surrealist Hans Bellmer as a down and out Vaudevillian in decadent Weimar Berlin. Other creepy delights: Rick Altergott delivers a fable of a child-molesting clown pleasuring himself in the suburbs, while Matti Hagelbergs Passion of Atte is a modern-day Dantes Inferno of comics. Theres also more knockout work and crazy visuals by Mark Dean Veca, Johnny (Angry Youth Comix) Ryan, Mats?!, Max Andersson, Sam Henderson, Steve Cerio, Stephane Blanquet, Doug Allen, Carol Swain, Craig Yoe, J. Bradley Johnson, Michael (Tales Designed to Thrizzle) Kupperman, Danny Hellman, Mack White, Lorna Miller, David Paleo, Christian Northeast, Karl Wills and Jay Pulga. Looking for laffs? A psychic jolt? A partner for your next trip? Look no further thanHotwire!
