**Kengo Hanazawa : I am a Hero Omnibus Volume 3** before purchasing it in order to gage whether or not it would be worth my time, and all praised I am a Hero Omnibus Volume 3:

0 of 0 people found the following review helpful. Another Omnibus in the fantastic horror manga that is, I am a Hero. By Alcide With volume three we slowly slip into the mall arc of I am a Hero, with Hideo taking responsibility to protect Hiromi, as well as introducing the main character Nurse Yabu, and a few others who are not as friendly...something isn't quite right about this new group. Volume three and four are where the story starts to pick up, for those wondering when we are going to get into the nitty and gritty zombie fest that we all know and love. We get our firsts antagonists, and things are slowly heating up to the next volume. Which I cannot wait for! If I had to have one gripe with these Omnibus volumes it would be that I don't have the space! 1 of 1 people found the following

By Customer Great series! I love the arc that is coming up in the next volume. I can't wait for the whole series to be on my shelf. Hurry release more!

Hideo and his new ward, young Hiromi, head out of the desolate forest they've been hiding in, hoping to find refuge at a local shrine. Once there, however, they soon realize that populated areas are just as dangerous as the haunted woods they've left! A new ally may help them find a safe place to hole up again--but one quick, deadly bite could threaten all of their lives! Collecting two of the original Japanese volumes into each Dark Horse edition, this value-priced excursion into the world's weirdest zombie apocalypse is not to be missed!" I Am a Hero is probably the greatest zombie manga ever. It has the slow buildup of a psychological horror manga, but when the zombies hit, they hit hard, and the manga accelerates into volumes-long fight-or-flight sequences that seem like they'll never stop." -Jason Thompson (Manga: The Complete Guide)"... an amazing story that puts it firmly in my Must Read list of manga. If you like zombie stories and are curious as to what other countries might have to offer to the genre, trust me when I say, you do not want to skip this one." -Kotaku
